Q.Which files are accepted?
A.Currently we support standard html and images files, which means .htm, .html, .pdf, .gif, .jpg ,.png , .js, .css, .swf,
.mid, .jar and .class. The size of your individual files should be < 85kb. Files exceeding this size will get automatically
deleted. Besides that, there's no limit on the number of files you can host in your account.
